We want to plan, deliver and evaluate our services in partnership with people who are accessing and benefiting from them. To do this we need to develop an involvement plan and information pack on MDTs and are keen to hear your views.

A group will be established to take this work forward. If you are interested in helping us with this work or any other tasks that may arise in the future, please submit your details by **12pm on Friday 10th June** to PCMDT.Info@westerntrust.hscni.net. If you are selected to take part in this group a member of staff will contact you.
